INSTALLATION IN LIGHTROOM

Now click on "**My Edits**" at the top and then select "**Imports**"!

Now click on the **small blue icon** and then on Files!

Now you can select the folder where your presets are located. Usually under "**Downloads**".

Import the files.

Jogi. Smi

Now click on an imported image & in the **top right on the circle with the 3 dots**.

Then select "Create Preset".

Now you can give the preset a name.

Togi. smi

NOW YOUR PRESETS ARE ALL SAVED HERE.
